

A New Generation

A new generation for a new humanity
to bring the gospel values to a broken society

A new generation for a new humanity
Jesus is calling you come follow me x2

Come teach the faith and educate
and bring quality formation
integrity in life genuine development
will bring about moral transformation

Open your hearts with inspiration
to all those whose lives are challenged
the savior gave examples with service for all
Sense the pulse feel the vibes and heed the master's call

In union with God constant in prayer
Restless heart we lift with intercession
Counsel and advice pleading with prayer
we put them all under right direction
